About College

Shree Swaminarayan College of Computer Science was established in the year 2000 to quench the upcoming need of computer science and information technology. Since 2000, the College has seen an unprecedented rise in the enrolments & has attained the undisputed status of being one of the most credible & qualitative institution involved in the field of Computer Science Education. At present institute offers BCA, BSc. (IT) and MSc. (IT) programs affiliated to M.K. Bhavnagar University.

Realising the need for continuous support and hand-holding, the institute has undertaken an initiative to develop entrepreneurial and employable skills in the students. Students with business ideas and propensity for venturing out on their own are provided support facilities in terms of project reports, idea guidance, project implementation and other such activities. On the other hand, students who are looking for employment are given trainee opportunities and access to various work environment simulations to acclimatize them with the real-world situations.

About Conference

The International Multidisciplinary Conference on Education and Knowledge Creation aims to bring together educators, researchers, policymakers, scholars, students and industry experts to explore emerging trends shaping the future of education. The conference serves as a platform for sharing innovative ideas, research findings, and best practices that enhance teaching-learning processes and knowledge generation across disciplines.

In an era of rapid digital transformation, the conference focuses on rethinking educational frameworks, fostering evidence-based research, and promoting collaboration among global participants. It encourages meaningful dialogue on technology integration, inclusive learning, sustainability, academic excellence, and the evolving role of educators in shaping a knowledge-driven society.
